Director's Corner

Hello everybody. Boy has this been a busy month. We started with a good Sept. Gathering . It was nice to have Chris Wilcox with us as well as Faye Hood, who has been a Chapter E participant since the very beginning of Chapter E. The number of people was small , but, that happens sometimes. We look forward to a larger group in October. Tom and I have been traveling with Charles and Deb Franks for close to (2) weeks and came home earlier than expected due to the weather. Rains' ok but enough is enough when you are on trikes or bikes. It took us (3) days of rainy weather to get home and home sure looked good. We had a great time and saw some beautiful country and some not so pretty. Tom and I did make it to Canada for a few minutes and then back into Maine at LuBec Just got off the phone talking to Milt Richards and he said Sandra is doing good. She is at home and is sleeping a lot. He said they do not have all the test results back yet but the doctors seem to think she will be just fine. The tumor was confined to the outside of the ovary and they think that they got all of it. Of course they will be waiting for the test to come back but right now it sounds very promising. Please continue to pray for Sandra and Milt during this time. It was extremely sad to hear about Ron Russell and Gladell Williams. This happened the day before we left for our trip and we all had heavy hearts for Isaiah and Joyce Rice. We send our heartfelt sympathy to the families.

Hope to see you soon. Tom and Ann

RIDER EDUCATION

Good Evening,

Well folks here it is fall again, but it looks like summer is still holding on. Hopefully by the time this newsletter article is posted on webpage we will have started seeing cooler temperatures. If you're like us, we will all be looking forward to cooler days and evenings so that we can get out more and ride with our friends and family. For those of us who like to take that ride in the mountains, we need to remember that as fall begins to take over, daylight hours will be disappearing a lot sooner. Also the nights will be getting cooler, if not just downright cold. So remember to dress accordingly and please remember to watch out for those troublesome four legged critters that could come into your traveling paths.

This has been a hard year for all of us, for we all have lost a portion of ourselves as we experience and feel the loss of our fellow riders that have gone on before us. As we continue forward with our own everyday lives, my Prayers and Thoughts are, hopefully that each and every one of us will take the time and effort to ensure that all equipment is working properly, and that we are wearing the proper riding gear to help keep us safe while out enjoying the scenery that the good LORD has provided for us.

Remember to always be prepared for unexpected, accidents do happen!!

Please do your part to practice safety, so you can continue to enjoy your ride!
